General Comments

CCO 314, SAMPLING AND TESTING A354 GRADE BD MATERIAL:

There is no work in the field on this operation today by ABF. For the Townsend Test (Test IV) for TR's 14-17, test rig setup work is ongoing. ABF is only working on limited operations in the field this Saturday – no Pier 7 warehouse work today, but a crew is working at the tower today.

INSPECTOR OT REMARK:

Office 8 hours: ABF is not working in the field today. I am in the office updating an estimate/schedule for the proposed round 5 of the Townsend Test (TR's 18 & 19; 2008 tested dry) and addressing cost and schedule risk items for this work for a meeting on Monday to discuss this new testing. My shift and OT hours are 0900 to 1730.
